Monthly Celebrations

Find timely resources for all grade levels for each of these celebrations in their channels. Sign in to DE and select the link to explore.

- [**National Native American Heritage Month**](#)

Timely Celebrations

- [**Children's Book Week \(11/4-11/10\)**](#): See children's picture books come to life with Weston Woods during Children's Book Week which begins on November 6th.
- [**Geography Awareness Week \(11/11-11/15\)**](#): Celebrate Geography Awareness Week by sharing the majesty and diversity of the American landscape, from the Great Salt Lake to the beauty of Yellowstone National Park to the wilderness of the Badlands.
- [**National STEM Day \(11/8\)**](#): Find lesson plans and self-paced modules rooted in STEM principles, as well as counselor and family resources which explore career options and provide a school-to-home connection.
- [**Veteran's Day \(11/11\)**](#): Salute all who served in the military this Veterans Day! Veterans Day provides citizens with a chance to reflect on how war and conflict has shaped our country and a space honor those who have fought for freedom.
- [**Thanksgiving \(11/28\)**](#): Give thanks on this annual holiday that started as a day of gratitude for the harvest bounty. Consider the history and tradition of Thanksgiving and browse through resources that highlight the evolving values, customs, and new interpretations of this holiday in modern times.

Check out our [**This Month at DE: November blog**](#) for new content, timely resources, and events to celebrate all month long!

November STEM Highlights

[Engineering Dreams](#) (Grades K-12)

ASME and Discovery Education are partnering to engage K-12 students nationwide in the biggest challenges of today while helping them unlock success tomorrow using the universal key of Engineering. Join us as we teach students to turn passion into an in-demand career in Engineering with standards-aligned resources designed for ALL learners and communities.

[Demystified](#) (Grades K-12)

How do caterpillars become butterflies? What is sound, and how do we hear it? What causes geysers to erupt, or canyons to form, or the moon to change shape in the sky? And what in the world do trees have to do with ice cream? In this DE Original Series, join Discovery Education on our endless journey to DEMystify the wonders of our world—you might just be surprised by what you find.

[Science News Explores](#) (Grades 6-12)

Stay up-to-date with noteworthy STEM developments, innovations, and research from experts in the field. Science News Explores presents a diverse collection of articles for middle and high school audiences. Topics cover advances in earth and space science, psychology, technology and innovation, life science, and more!

[DNA Decoded](#) (Grades 6-12)

The Illumina Foundation and Discovery Education partnered to create DNA Decoded to inspire middle and high school teachers to unlock the power of genomics and impact the future of their students. DNA Decoded provides ready-to-go, standards-aligned lessons and activities for teachers and students to explore the ways they can see genomics in their everyday lives.

Ready-To-Use Activities

Explore ready-to-use activities to use this month that provide students with opportunities to explore their curiosity around a variety of topics in our [Instructional Activities Channel](#).

PL Resource of the Month: STEM Career Challenges

Learn how Carrie Willis leverages the STEM Career Challenges content to keep her students informed and engaged. Use this professional learning resource to expand your understanding of how Discovery Education can support you in transforming teaching and learning.

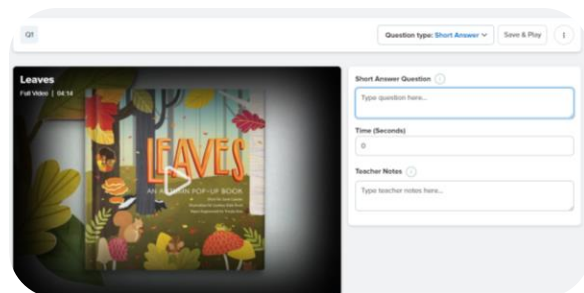

Strategy of the Month: Get Your Thinking Hat On

Put on those hats! The SOS Instructional Strategy, Get Your Thinking Hat On, highlights a teaching method in which students are split into six groups, each with it's own perspective. They will then summarize a video clip from the group's perspective. View all strategies in the [SOS Channel](#).

Feature of the Month: Share Quizzes

Did you create a video or standard quiz and want to share it with others in your grade or subject area? You can now share it via a link to anyone for them to use with their students!
