## Ready-To-Use Activities

Explore ready-to-use activities to use this month that provide students with opportunities to explore their curiosity around a variety of topics in our [Instructional Activities Channel](#).

## PL Resource of the Month: Marzano Academies

Dr. Marzano's vision for K-12 education is that the vast majority of schools can be highly effective in promoting student learning. The Marzano Academies Channel features an ever-growing collection of microlearnings to support educators with implementing competency-based teaching and learning in their classrooms.

## Let's Roll

## Strategy of the Month: Let's Roll

Using a cube with sentence starters, students work in small groups to take turns discussing a piece of media from DE. This strategy provides students the opportunity to solidify their learning through discussion and connections, getting to a deeper understanding of the content.. View all strategies in the [SOS Channel](#).

## Feature of the Month: Explore Page

Educators can use the Explore space as a place to find inspiration for their lessons, see what content is new, and get personalized recommendations based on their areas of interest. Expect to see exciting, fresh content that spans across Discovery's wide range of available assets.

## Elementary: PreK – 2 Recommended Resources

- [\*\*Literacy: Grimm's Fairy Tales\*\*](#) – Listen to the classic stories and fairy tales written by the Grimm brothers, Jakob and Wilhelm, first published in the early 1800s.
- [\*\*Math: Arcademics\*\*](#) – Boost learning and engagement with skill-building multiplayer math games and language arts games from Arcademics. Race to the finish line or hop to victory by demonstrating knowledge of multiplication, division, subject-verb agreement, the parts of speech, and so much more.
- [\*\*Science: The Fixies\*\*](#) – Follow the comical misadventures of Tom Thomas and his secret friendship with Simka and Nolik, the children of the Fixie family that lives in his apartment. There's just no end to the troubles Tom Thomas and his Fixie friends get themselves into with all the gadgets and appliances around them!
- [\*\*Social Studies: Citizenship\*\*](#) – Investigate the role of good citizenship in democratic government and society.
- [\*\*Health & Wellness: Wellness\*\*](#) – Learn about the holistic integration of the eight dimensions of wellness: emotional, environmental, financial, intellectual, occupational, physical, social, and spiritual, and find resources to support conversations in the classroom about wellness.

## Elementary: 3 – 5 Recommended Resources

- [\*\*Literacy: Cram Jams\*\*](#) – From learning all about idioms to being able to identify the setting of any story, these educational, animated music videos make learning Language Arts fun and unforgettable. Discover how this series of catchy and informative tunes transforms language and grammar into something to sing about.
- [\*\*Math: Money\*\*](#) – Discover the roles of money and how it can be used to purchase goods and services.
- [\*\*Science: N\\*GEN\*\*](#) – Explore STEM topics with N\*GEN. Based in Africa, this program series teaches younger students about a variety of STEM topics. Learn about the wetlands, robots, food, bees, and more!
- [\*\*Social Studies: Portrait of Washington, D.C.\*\*](#) – Explore the rich history, distinguished landmarks, and enduring cultural significance of Washington, D.C., capital city of the United States.
- [\*\*Health & Wellness: Soar with Wings\*\*](#) – Explore standards-aligned digital resources that incorporate academics and fun while building key social and emotional skills for students in grades K-5.

Check out our [\*\*\*This Month at DE: September\*\*\*](#) blog for new content, timely resources, and events to celebrate all month long!

## Secondary 6 – 8: Recommended Resources

- [\*\*Literacy: Grammar\*\*](#) – Find resources to support your grammar lessons.
- [\*\*Math: Shapes\*\*](#) – Learn the names and properties of two-dimensional and three-dimensional shapes, discuss patterns, and learn more about the concepts of symmetry and congruence.
- [\*\*Science: DE Originals\*\*](#) – Explore the impact that great storytelling can have on students with DE Originals—a unique collection of kid-approved, standards-aligned videos designed to spark curiosity, and break down complicated topics!
- [\*\*Social Studies: Stuff You Should Know Podcast\*\*](#) – Join hosts Josh Clark and Charles W. "Chuck" Bryant as they get to the bottom of odd questions and quirky facts with a unique dose of education and entertainment.
- [\*\*Health & Wellness: Nutrition\*\*](#) – Discover the science of nutrition and learn what the essential nutrients necessary for life and health are, where to get them, and in what quantity to consume them.

## Secondary 9 – 12: Recommended Resources

- [\*\*Literacy: Jane Eyre\*\*](#) – Charlotte Brontë's 1847 classic novel follows the story of Jane Eyre, an orphan who survives neglect and abuse to become a governess at the remote Thornfield Hall, where she finds a kindred spirit in her employer, who hides a terrible secret that threatens their chances of happiness.
- [\*\*Math: Math Interactives\*\*](#) – Engage in real-world math problems as you customize race cars using expressions, defend yourself from an army of skeletons using absolute values, find ancient artifacts by exploring a coordinate plane, and more.
- [\*\*Science: Global Oneness Project\*\*](#) – Explore a series of stories that broaden our perspectives on social, cultural, and environmental issues.
- [\*\*Social Studies: Young Changemakers Podcast\*\*](#) – Familiarize yourself with the transformative stories of young leaders who have revolutionized their communities.
- [\*\*Health & Wellness: Health Channel\*\*](#) – What are some ways you stay healthy? Explore a collection of high-quality resources for students of all ages and learn more about wellness, the science of the human body, positive behaviors, healthy eating, life and health skills, and more.
